

## NFC GUIDE

### For ANDROID USERS:

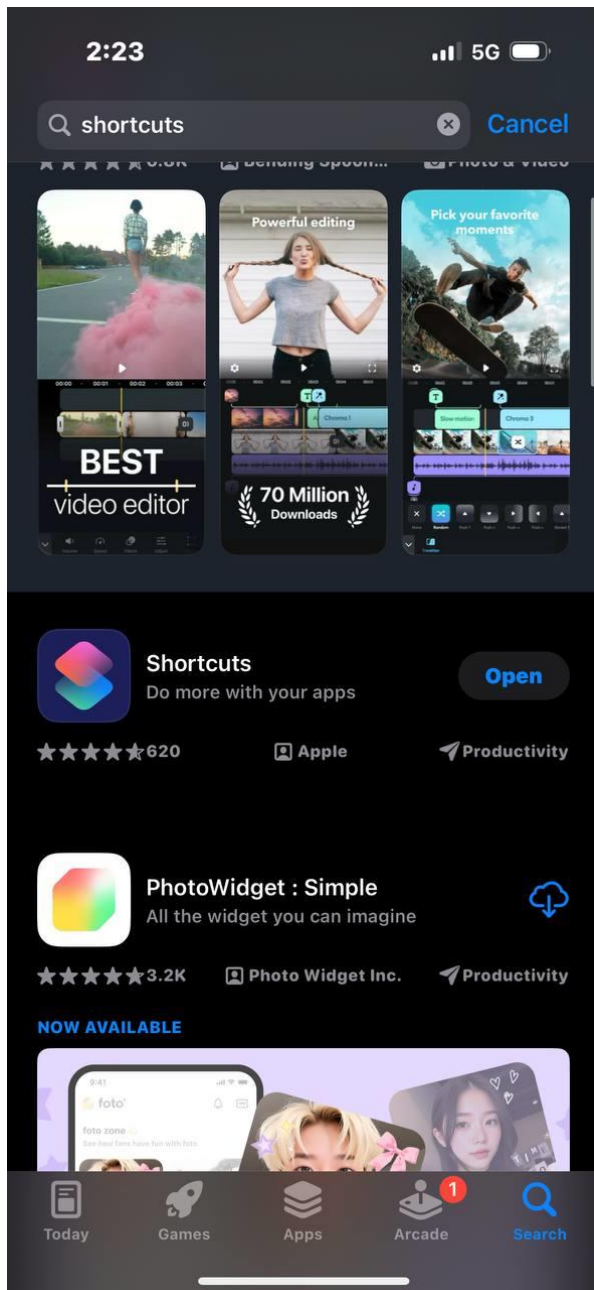

- Please ensure your NFC is turned on before registering your NFC Card.

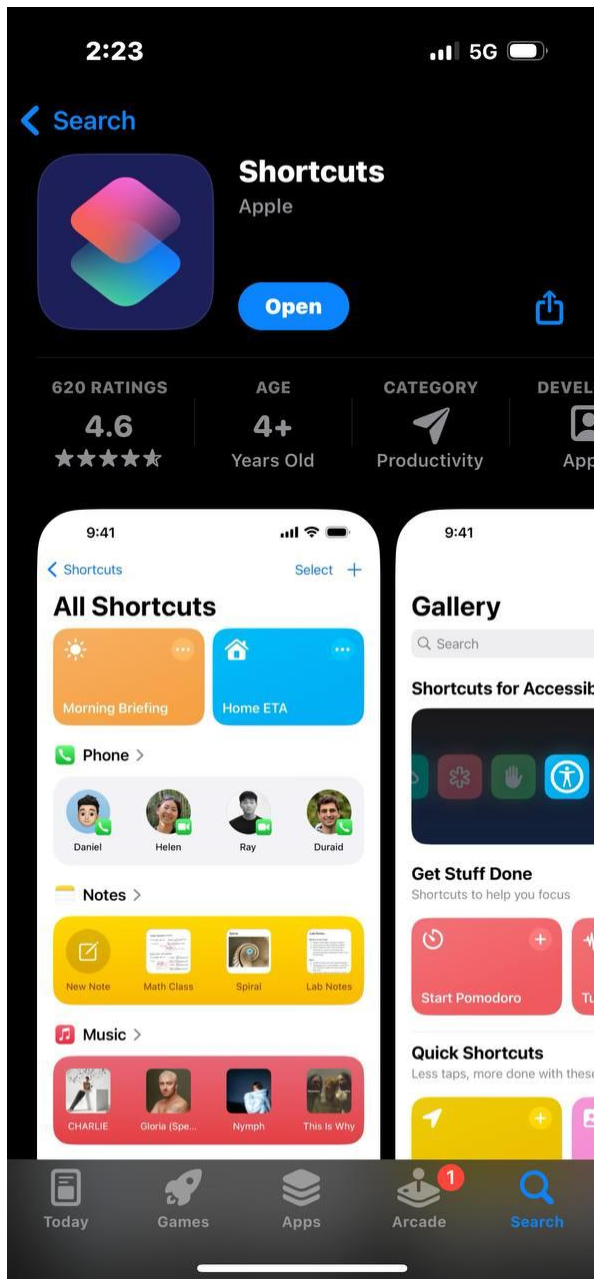

- Once done, please place the NFC Card at the back of your phone to register.

### For iOS USERS:

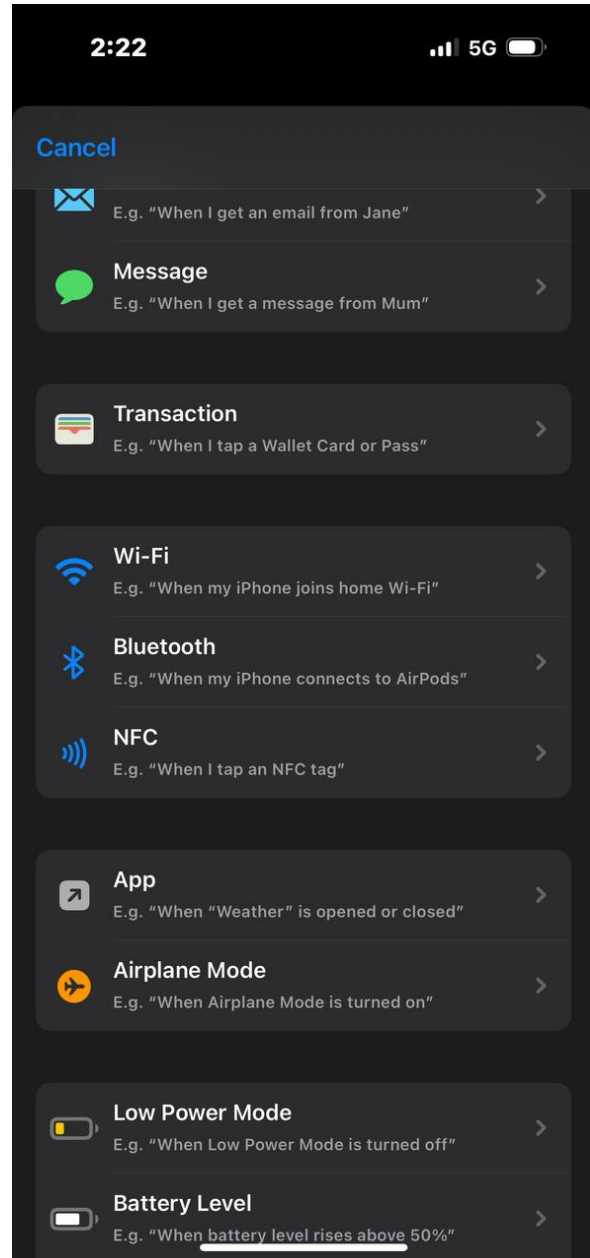

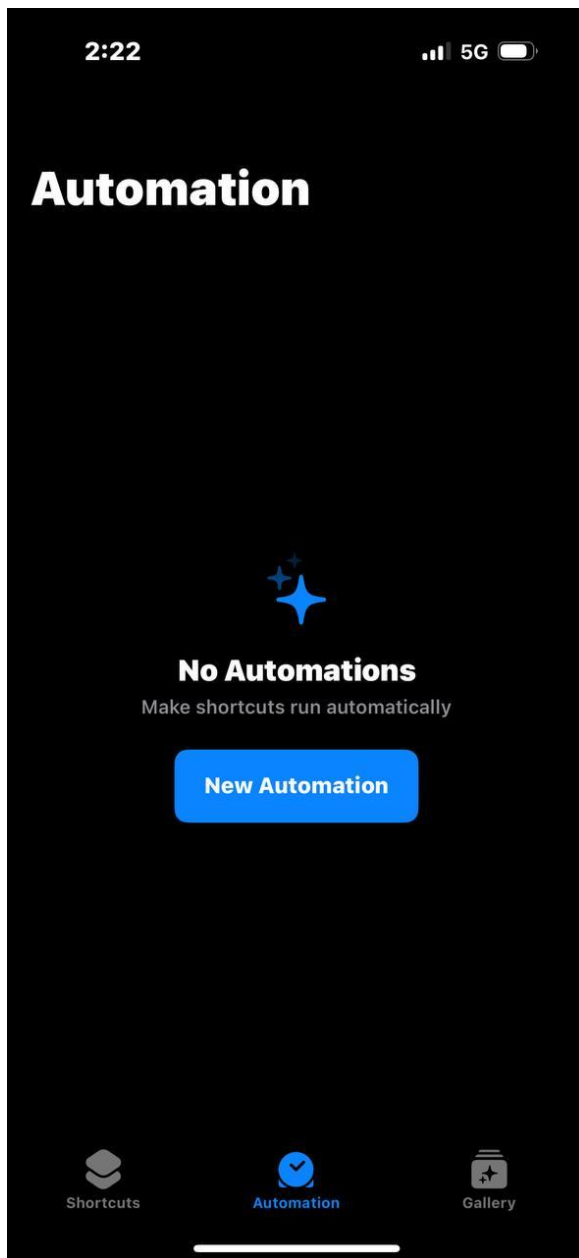

- On your iPhone, open the Shortcuts app.
- If you do not have the Shortcuts app, please download it from the Apple store:

- Once done, open the Shortcuts app and tap on the Automation tab at the bottom of your screen:

- Tap on New Automation and scroll down to select NFC:

- Tap on Scan. Place the NFC tag on the top right of the iPhone.
- Enter a name for your tag. Tap on Add Action.
